💼 WORK EXPERIENCE

2022-06 - 2024-10

SENIOR FRONTEND DEVELOPER

AZUMO, SAN FRANCISCO, US

- Architected and implemented a new React-based frontend for a high-traffic e-commerce platform, resulting in a 35% increase in page load speed and a 20% increase in conversion rates.
- Championed the adoption of a component-driven development approach, leading to a 30% reduction in code duplication and a 15% increase in development speed.
- Collaborated with UX/UI designers to create intuitive, user-friendly interfaces, improving user satisfaction scores by 25%.

2021-05 - 2022-05

FRONTEND TEAM LEAD

AZUMO, SAN FRANCISCO, US

- Managed a team of 4 frontend developers, successfully delivering 10+ major projects on time and under budget, while maintaining high code quality standards.

- Implemented a comprehensive suite of unit and integration tests, reducing production bugs by 40% and improving overall system stability.
- Introduced modern frontend development tools and practices, such as Webpack and Babel, increasing team productivity by 20%.

2020-01 - 2021-04

FRONTEND DEVELOPER

GLORIUM TECHNOLOGIES, PRINCETON, US

- Contributed to the development of a single-page application using Angular, which improved user interaction speed by 50% and increased customer satisfaction scores by 15%.
- Automated testing processes using Jasmine and Karma, reducing manual testing time by 40% and increasing overall code reliability and deployment frequency.
- Participated in cross-functional teams to integrate RESTful APIs, enhancing data retrieval efficiency and reducing server response times by 20%.

2018-05 - 2019-12

JUNIOR FRONTEND DEVELOPER

GLORIUM TECHNOLOGIES, PRINCETON, US

- Developed a responsive, mobile-first web application for a major client, leading to a 50% increase in mobile traffic and a 30% increase in overall user engagement.
- Optimized website performance using advanced frontend techniques, resulting in a 60% decrease in page load time and a significant improvement in SEO ranking.
- Directed the design and implementation of a RESTful API alongside backend developers, generating an increase in data retrieval speeds by 25%.

2017-07 - 2018-04

INTERN - FRONTEND DEVELOPER

GLORIUM TECHNOLOGIES, PRINCETON, US

Performed rigorous testing to identify and fix over 60 bugs within the front-end application.
